PLATFORM AND RESOLUTIONS

The following platform and resolutions were adopted by the Republican State Convention, which convened at Winnemucca on the 15th instant:

The Republicans of the State of Nevada, in Convention assembled, acknowledge the obligations of their loyalty to the principles of the Republican party, which have made this country great and prosperous during the last quarter of a century.

RESOLVED, That the question of a sufficient supply of circulating medium to main-

that a permanent range of the price of labor and property is the most important political-economic task awaiting solution by the American people.

Test a diminishing quantity of money reduces the price of labor and property, increases the creditworthiness of the debtor, and paralyzes industry and water-
price.

That the present financial system of the United States, which increases a diminishing quantity of money to a diminishing quantity of the manyleaders of the nation, without regard to the increase of population or the wants of the people, and which consequently runs alone as the standard of value, and is the cause of the present financial depression, all the revenue of the Government to speculate with in bonds and stocks, and to the national banks without interest.

That the attempt to substitute national bank notes, costing the Government millions of dollars annually, for free silver, costing nothing, is an outrage up to the people; that the money ring or trust, which has usurped the sovereign power of the Gov-

audaciously demonetized silver and seized upon the
 revenues of the Government for private speculation, shocks the moral sense of the people and destroys respect for government and law. We demand that the silver coin be restored, destroyed, and equal rights be restored to all.

We charge that President Cleveland in the willing tool or agent of a powerful money ring, which fastens on the subsidies of the Government, makes war on silver, issues its paper currency at the expense of the Government, borrows the revenues raised by taxation and uses them without the payment of interest, and thus causes the currency to depreciate, the value of business to fall, and

That we favor the nomination of no man for President who is personally interested in national banks or the bonded indebtedness of the United States, but we demand a candidate who is free to do justice to all the people of the country—the poor as well as the rich.

Resolved, That we are in favor of the protection of home industry, and that the shoddy of this country have a right to all the work required to supply the people of the United States, and that we are in favor of high wages, and in that we will not

the wage workers from competition with the cheap labor of other lands.

RESOLVED, That the policy of the Government should be inaugurated and established by the people through their representatives in both houses of Congress, and not by the President or money trust, of which he, either as agent or head, is most active in defending.

III.

We charge President Cleveland with

...satisfying every promise he made in favor of civil service reform, with crippling the mail service, with refusing to sign necessary bills for the improvement of rivers and harbors, with using the power of his administration to prevent the passage of the navy and coast defense bills, with endeavoring to destroy the protective tariff, with counting the good will of other nations at the expense of the citizens of the United States, and with joining the foreign bondholders to demonetize silver and destroy the industries of his own country, and for the reduction of

for closing the Carson Mine at what it was not only self-sustaining but a source of revenue to the Government, for his contemptuous veto of bills for the relief of disabled soldiers and sailors, and for failing to construct the Government building at Carson as required by law.

IV.

We are in favor of the absolute exclusion of Chinese, and of the restriction of immigrants

of the labor market is made worse, and was
favor legislation by which a revision of
naturalization and land laws may be ac-
complished.

V.

We demand in behalf of our various in-
dustries the retention of the duties on lead,
borax, soda, hides and leather, and to re-
store the tariff of 1-57 on wool.

VI.

Resolved, That we recognize the right of labor to organize for its lawful protection.

VII.

We favor the appropriations by Congress for hydrographical and topographical surveys in this State, to the end that the waters may be preserved for the purpose of irrigation.

VIII.

administration of Governor Stevenson, and we heartily commend the able efforts of Senators Jones and Stewart and Representative Goodrum in behalf of the interests of this State.

IX.

We favor the granting to Nevada of all Government land within the State for the purpose of providing means for irrigation and other improvements.

We favor the reduction of the "treasury surplus by the payment of pensions to Union soldiers, their widows and orphans, the improvement of rivers and harbors, the building of defenses for the sea coast, the erection of public buildings, the creation of a navy, the purchase of bonds and the repeal of the internal revenue laws taxing tobacco

free, non-sectarian schools in the rural and sparsely settled districts, as well as in towns and highly populated sections; and that such division of the school money shall be made as will furnish the means of education to all children of the state.

XII.

We are in favor of recognizing the Current Mint for coinage and making the wages of its employees in the standard paid by the

XIII.
We demand the restoration of the mail service in this State to the efficiency maintained by the last Republican administration, and favor the payment of full wages to all postal employees.

Probably a Canard.

A Philadelphia newspaper published a report on the 14th instant, seemingly on good authority, that a private letter had been received in that city which conveyed the startling intelligence that President Cleveland's long-delayed letter will decline the nomination tendered him at St. Louis. The letter goes on to say that the President has been astounded at the protection feeling exhibited in the good old Democratic party since the Mills bill was passed, and that he fears a disruption in the party ranks of such magnitude that another set-back of twenty-four years would ensue if he went before the country on that issue. For him to hedge while under fire would never do, and the only way to save his party from overwhelming defeat is to withdraw and reconvene the convention in the interest of a new candidate, with a pronounced protection record.

Even at the heels of greatness will be found the skulking figure of malice. Blaine is the most popular man of the nation in either party, of any State. He is the only man in the history of politics that refused a Presidential nomination that was his for the asking. He is able and eloquent; he has proved himself honest and unselfish, and for all these and many other qualities he was met upon his return with an ovation which would not have been accorded to the President himself. But herein lies his offense, and for this reason the Democrats seek to belittle him.

The New York Herald's statement that the Republican Senators had decided to abandon the Tariff bill at Blaine's expressed request proves to be utterly false. That might have been expected. The zeal of the new convert is proverbial. The New York Free-trade organs which are backing Democracy under the pretense of a political purity and reform movement exceed their masters in the manufacture of campaign mendacity. The tree is known by its fruits.

Five thousand Mormons have gone from Utah to the Canadian Northwest, and thousands more are preparing to follow. We speed the parting guests, but wish they would go further before stopping. After a little experience with them the Canadians will echo our wish. In swapping Mormons for Chinamen the Canadians get the best of a bad bargain, for the Chinese have all the vices of the Mormons with their own added.

The London Echo joins the Democratic party in trying to kick Sam Randall out of the party because of his obstruction to free trade, and of his defeat in the passage of the Mills bill, says: "This is good news for England, for it means an increased wool, iron and steel trade. More than that, it is the beginning of an enlightened policy which will be of great value to both nations."

A Young Murderer.—Yesterday afternoon Mrs. Murphy, who lives in the western part of town, sent her twelve-year-old son to stake out a cow near the house. The boy not returning toward night, his mother went out in search and found him a short distance from home, lying on his face insensible and suffering from a gun-shot wound through the head. This morning the boy's father sufficiently to enable the shooting in a Mexican boy about fourteen years old named Jos. Enos. Enos has been arrested. Murphy's wound is fatal.

OVER THE WIRES.

Fearful Result of a Collision.

A Lunatic Stamps His Wife's Brains Out.

A Split in the American Party Convention—Germany's Warlike Emperor—Miscellaneous.

A SAD BEGINNING.

A Serious Split in the American Party Convention.
WASHINGTON, August 16.—When the convention of the American party reassembled yesterday, Governor Sharp offered a resolution pledging the convention to nominate independent candidates for President and Vice-President. A long discussion followed, during which it was intimated that the New York delegation was in somebody's pay. The previous question being called for, Governor Sharp's motion was put and carried by an almost unanimous vote. A substitute motion that New York be allowed one vote in the convention for every two delegates present from that State was lost by a vote of 39 to 49.

Hawley's resolution allowing a congressional representative was taken up. The roll being called, the resolution was lost by 43 to 49. The Illinois delegation then announced thatasmuch as it came here to participate in a national convention and not in a New York State convention, it would withdraw, and left the hall. Pennsylvania, Vermont, Wisconsin and several other delegations also left. The New York and California delegations were almost the only ones which remained. A recess was taken until 7 A. M.

In the evening the majority report of the Committee on Platform and Resolutions was adopted. It favors the abolition of naturalization laws, demands that no criminals, paupers or insane persons shall be allowed to come into the country, and that in order to become an immigrant to the United States a man must satisfy the Consul at the port from which he wishes to sail, that he does not come under the prohibitory clauses and must pay a per capita tax to the Consul before sailing. It declares in favor of prohibiting immigration of all persons not in sympathy with the government of the United States against alien ownership of land, in favor of free technical schools for American children and in favor of expenditures of surplus for building of fortifications and naval vessels.

At ten o'clock Chairman Wigington announced that nominations for a candidate for President of the United States were in order. Ex-Governor Sharp, in a brief speech, placed in nomination James T. Negley, of Pennsylvania. Mr. Watts, of Maryland, nominated Abram S. Hewitt, of New York. Judge Church, of New York, placed in nomination James L. Curtis, of New York. The California delegation seconded Hewitt's nomination, as did also the District of Columbia. New York seconded the nomination of Curtis. The result of the first ballot was as follows: Curtis 45, Hewitt 1, Negley 4. Curtis was declared the nominee of the Convention. On motion of a delegate from California, General Curtis' nomination was made unanimous.

Judge James N. G. Greer was unanimously nominated for Vice President, and the Convention adjourned sine die. The following delegates met during the evening and elected Hobart C. Taylor, Chairman of the Chicago delegation, Chairman, and J. Frank Peterson, of Pennsylvania, Secretary. There were present full, or nearly full, delegations from Illinois, Maine, Pennsylvania, New Jersey, Massachusetts, Louisiana, Vermont, Virginia, Maryland, Mississippi, South Carolina, Alabama, Florida and Delaware, and one delegate from California, and one from New York—twenty-five in all. Resolutions were adopted denouncing the Convention as packed by New York heels, and not worthy of the confidence of the American party.

A DREADFUL OCCURRENCE.

An Insane Man Stamps His Wife's Brains Out.

SAN JOSE, August 16.—This morning a boy appeared at Los Gatos and informed the people there that his father had just killed his mother, and attempted to kill him. His parents lived on the Susley place, near Alma, two miles above Los Gatos. The boy's mother was in Los Gatos a few days ago, and it was then thought she was not fully sane. It is also thought that her husband is insane. This morning while both lay in bed, the husband suddenly threw his wife out, and jumping upon her crushed her brains out. He then chased his boy, who ran to Los Gatos and gave the alarm. The man was arrested. Coroner Tomlinson and District Attorney Moore are now holding an inquest on the woman.

AN OCEAN HORROR.

Steamer Sunk by a Collision and 103 Lives Lost.

NEW YORK, August 16.—The steamer Wieland of the Hamburg-American Steamship Line, has just brought news of a collision off Sable Island between the Geiser and Thingvalla, of the Thingvalla Line, which occurred at 4 o'clock on the morning of August 14. The Geiser sank in five minutes after the collision and 103 persons were drowned. The Thingvalla was so disabled that she had to put into Halifax after transferring all her passengers to the Wieland. The Geiser had 86 passengers aboard, 72 of whom were drowned or killed in the collision, and 14 were taken on the Thingvalla, and then on the Wieland. The Geiser's crew numbered 80, 53 of whom were drowned and 17 saved. Captain Moller, of the Geiser, was among those saved.

The passengers of the Thingvalla transferred to the Wieland numbered 465. The Geiser left this port August 11, bound for Stettin. The Thingvalla was on her way to this city and was advertised to leave here August 25. A very heavy sea and dense fog were experienced through the night and early morning of the 14th. The Thingvalla struck the Geiser on the starboard side amid ships. The boats then parted and within five minutes the Geiser sank.

CHARLES CROCKER.

The Remains Embalmed Pending His Wife's Arrival.

SAN FRANCISCO, August 17.—The remains of Charles Crocker are at his residence on California street hill. A. N. Towne has charge of the funeral arrangements. The body was embalmed yesterday by Dr. Williams. Mr. Towne could give no definite information of the date of the funeral, which will not probably be fixed until the arrival of Mrs. Crocker, who is now on the way from the East. The value of the property left by deceased is estimated at \$350,000, although some claim that it will reach \$500,000. Of this \$100,000 is real estate in San Francisco city and county.

Mr. Crocker owned about 100,000 acres of land scattered through Kern, Tulare, Butte, Tehama, Nevada, Placer, Solano, Colusa, Yolo, San Joaquin, Fresno and Merced counties. In the latter county were held 20,000 acres, on which is located the great canal, the value of which is estimated at \$5,000,000. The value of the State property can only be guessed at, but it will run high up in the millions.

Blaine and the Tariff.

NEW YORK, August 15.—A Washington special to the Post this afternoon says: The attention of a member of the Committee on Finance was called this morning to the published statement that Mr. Blaine had sent a message to Washington through Senator Hale that it was expedient for the Republicans of the Senate to report a tariff bill. He said this report is true in no particular. It is a fact, however, that a prominent Republican who did see Mr. Blaine in New York and talked with him on tariff matters did bring a message to the Committee that Mr. Blaine does not see that the Republicans of the Senate have any alternative except to propose and report a tariff bill. That is the only suggestion that has come to the Committee as to the views of Mr. Blaine on the subject.

French Imperialists.

PARIS, August 17.—Two thousand leading Imperialists met in this city yesterday. Lecoux presided. A patriotic address was voted to Prince Victor. A banquet which followed, the greatest enthusiasm was manifested. Baron Haussmann, who delivered the oration, received a touching ovation, particular on account of his many years and ill-health, and the fact becoming known that friends, for these reasons, had tried to dissuade him from attending. Similar demonstrations were held throughout the country.

Germany's Warlike Emperor.

BERLIN, August 6.—Emperor William was present at the unveiling of the monument in the memory of Prince Frederick Charles at Frankfurt to-day. After the unveiling he gave a toast to "Germans Unity." He said forty-six millions of Germans would be rather than deliver a single stone of Alsace-Lorraine to France.

Presidential Nominations.

WASHINGTON, August 17.—The President has sent the following nominations to the Senate to be Judges of the Probate Court of the Territory of Utah: John Houston, Garfield county; Thos. J. Branigan, Davis county; Pardon Dodd, Utah county; John Marshall, Salt Lake county.

For Harrison and Morton.

S. T. Kolso of Teels Marsh, Esmeralda county, a prominent Democrat, writes to W. G. Phillips of Virginia City, that he is going to vote for Harrison and Morton, in the firm belief that Grover Cleveland is the most powerful enemy silver has to contend against in the United States, and that protection is the true policy to follow in America.

Woman's Relief.

"Earth has no sorrow that heaven cannot heal," whether arising from physical, mental, or moral sources. The promises and consolations of the gospel furnish abundant remedies for all spiritual or mental woes, and the Creator has stored in the kingdom of nature, remedies for every physical ailment. For ages these remedies were allowed to lie dormant, through the ignorance of mankind as to their use and for ages more but little attention was given to remedying the peculiar ailments of woman, who was looked upon and treated as a slave by lordly and then brutal men, and her suffering regarded with beastly indifference. In later times, science and Christian philanthropy have come to her relief, devising remedies for her peculiar weaknesses, which have been combined in Dr. Pierce's Favorite Prescription, a remedy that cures the pains, aches, troubles, and weaknesses, waiting a delimiting affliction to which she is constantly exposed. "Favorite Prescription" is the only remedy for women, sold by druggists, under a positive guarantee from the manufacturers, that it will give satisfaction in every case, or money will be refunded. This guarantee has been scrupulously carried out for many years.

Ayer's Sarsaparilla is designed for those who need a medicine to purify their blood. No other preparation so well meets this want. It increases the appetite and rejuvenates the whole system. Its record for forty years is one of constant triumph over disease.

For strengthening and clearing the voice, use "Hawley's Voice Restorer." "I have commended them to friends who were public speakers, and they have proved extremely serviceable."—Rev. Henry Ward Beecher.

STEWART'S SPEECH.

Nevada's Champion Knocks Thurman into a Hole and Straightens out the Republican Party's Record on the Chinese Question.

In the Congressional Record of the 10th instant appears a speech of Senator Stewart in answer to Senator Morgan of Alabama on the Chinese question. It was delivered on the 7th instant and was wholly extemporaneous. The next morning the Senator secured the passage of the Chinese Exclusion Bill. From the following extracts it will be seen that the speech puts Harrison in an excellent light, knocks Thurman into a hole and straightens out the record of the Republican party on the Chinese question.

The Senator, after quoting from the Record of July 2, 1880, wherein a debate is published in which Senators Sumner, Thurman, Stewart, Trumbull, Wilson, Morton and others took part, said:

"It will be seen by the foregoing that Mr. Thurman was aiding to accomplish a purpose indirectly which he would not do directly. I should not have alluded to this if the Senator from Alabama had not read a speech of Mr. Thurman against the Chinese. I claim that while he voted and spoke against the Chinese, his continuation with Sumner and others to choke off debate on Sumner's amendment and secure the naturalization of Chinese deprives him of the right to claim that he was in good faith opposed to the naturalization of the Chinese. If his pretensions had been sincere he would have worked, as well as voted, to save this country from the Chinese curse. No temporary political advantage which he sought to secure by forcing the Republican party to adopt Sumner's amendment without a hearing from Pacific Coast Senators would have induced him, if he had been honestly opposed to Chinese suffrage, to join in a scheme to deprive the people of their right to be heard.

In discussing the various bills relating to the Chinese evil, the Senator stated unequivocally that General Harrison was friendly to Chinese legislation, and quoted from the Record to sustain his statement that Harrison was thoroughly in favor of the absolute exclusion of Chinese. The Senator said:

"The attempt to make it appear that General Harrison is not, and was not before his nomination, thoroughly in favor of the absolute exclusion of Chinese is absurd, and shows to what extremes parties will go to carry out a political purpose. The Senator also paid his respects to Judge Thurman, in the following manner:

"But what I complain of is that Mr. Thurman joined Trumbull, Sumner, and others against the decision of the committee in separating the two measures against the views of the distinguished Senators from Vermont and New York, members of the Judiciary Committee, as expressed in the debate, in an attempt to stifle debate to force upon the country the Chinese exclusion bill in its most destructive form. I believe that the Senator from Vermont had a right to complain of the conduct of Senator Thurman and his Democratic colleagues on that occasion. The debate shows the sneers and jokes of Democratic Senators in their attempt to embarrass Senators from the Pacific Coast, and that in separating the two measures against the views of the distinguished Senators from Vermont and New York, members of the Judiciary Committee, as expressed in the debate, in an attempt to stifle debate to force upon the country the Chinese exclusion bill in its most destructive form.
